ORDER ISSUED SUSPENDING RED MAGAZINE

Washington (AP)—The State Department today ordered the Russian embassy to quit publishing and distributing pamphlets in the United States.

A department statement announcing this said the U. S. was suspending publication of a Russian-language magazine called "Amerika," which it had been distributing in Russia.

It said the twin actions were taken because the Russians were obstructing distribution of "Amerika" in the Soviet Union.

In halting the "Amerika" project, the department gave up operations on the last remaining wedge into the Iron Curtain.

A spokesman said the slick-paper magazine was so popular in the Soviet Union that newsstands sold out all copies within a few hours after they went on sale wherever the Russian government did not interfere.

Second-hand copies were sometimes sold on the black market at many times the original price of 10 rubles.

The suspension action was taken, the department said, because of "progressive restriction" by Russian authorities against "Amerika," a lavishly-illustrated monthly patterned after Life magazine.

In a note addressed to the Russian foreign office, the State Department asserted:

"As a result of this obstruction, the number of copies which can be presumed to reach the Soviet public has become so small as not to justify this effort of the government of the United States to supply Soviet readers with a true picture of American life and thus to promote understanding between the two peoples."

The retaliatory action prohibits the embassy from publishing and distributing in this country the "U.S.S.R. Information Bulletin" and any other Russian pamphlets.

The Soviet information bulletin is a slick-paper English-language magazine which purports to tell of life in the Soviet Union. It is sometimes illustrated and features pictures of Russian workers.

ERIE GAS CONSUMERS IRKED AT COMPANY

Erie (AP)—An irate group of some 400 gas consumers organized an 11-man committee today to ask the Public Utilities Commission to stop a company from cutting off their gas supply.

The group consists of persons who installed gas furnaces without authorization from the Pennsylvania Gas Co. The company threatens to turn off their gas if they do not remove the furnaces. Samuel Baker, attorney for the consumers, said the company gave furnace permits in an "unfair and discriminatory manner."

A company spokesman said the PUC authorized them to make certain regulations governing the distribution of gas.

Retail Price of Milk in County To Be Hiked One Cent Aug. 1

The retail price of milk in Warren county will be increased one cent per quart on August 1 as the result of action taken late Monday by the State Milk Control Commission. It was reported today by the Associated Press.

The area generally covered by the increase represents State one 2 of which Warren county is a part.

The increase for producers is from \$5.92 to \$6.20 per hundredweight, and the Commission said the increase was "way below" that requested at a recent hearing in Pittsburgh.

"The dairy industry must remember the Commission also represents the consumer," said Chairman Stahlnecker. Answering producers who sought a price of \$8.15 a hundredweight for bottled milk, the Commission said in a statement:

"Pennsylvania milk, with such a price tag, would attract so much milk from nearby states that our producers would not be able to sell their milk."

Chautauqua Mounted Police To Help Patrol Circus Crowds

With Warren's big day now close at hand, Friday, July 18, when the great Ringling Brothers and Barnum and Bailey circus is brought to town by the Warren Junior Chamber of Commerce, Chief of Police Mike Evan is lining up his men to handle the traffic problem and the Pennsylvania Railroad is today completing work which will facilitate the unloading of the gigantic circus.

SEATS AVAILABLE

While there is a scarcity of higher priced seats for the big circus, Kenneth Gwinnett of the Ringling Brothers and Barnum and Bailey staff, reported today that he still has several sections of \$3 and general admission tickets. The ticket booth in Kinneer's store, 225 Liberty street, will be open during regular store hours until 11 a. m. Friday when all remaining tickets, if there are any, will be transferred to the ticket booth at the circus. General admission is \$1.50 for adults, 75c for children.

Chief Evan's efficient force is to be augmented by the presence of the mounted police force from Chautauqua county, all deputy sheriffs. Chief Evan is preparing for an abnormally large number of visitors to Warren on Friday. Sgt. Donald Holmes of the Pennsylvania State Police, said today that his men are prepared to handle heavy traffic into Warren from early morning until 8 p. m., and an extremely heavy departure after the matinee and evening performance. He pointed out that there are no serious detours in the vicinity, which should aid the progress of traffic to a great extent.

"If people will use good judgment and start from home early enough so they will not have to rush into Warren, it will be a big help," said Sgt. Holmes today.

On the South Side, where the circus will unload, the Pennsylvania railroad crew was today completing an extensive enlargement of the Main avenue crossing. Carpenters have built an unloading platform, 30 feet wide, on each side of the street, in order that the heavy circus wagons, equipment and animals may be unloaded in safety and with greater rapidity. The mess tent is expected to be loaded at Ocean early in the evening and will be set up here shortly after midnight. While the trains will arrive here, starting at about 2:30 a. m., unloading operations are not expected to start until 3:30 or 4 a. m. The route will be over the Hickory street bridge and probably west on Pennsylvania avenue to the Airport, and should be almost a parade in itself. About 1,200 people are included in the circus personnel.

Plans for a one-way street arrangement for traffic had not been completed today by Chief Evan, who is awaiting the arrival of a circus advance man who will indicate exactly what route he wishes to follow in hauling equipment. Chief Evan said he hoped to be able to make an announcement tomorrow. He said his entire staff will be on duty and that he plans to have at least eight mounted police to patrol the circus route.

N. P. A. LOSES RIGHT TO HIRE ITS WORKERS

Washington (AP)—The Civil Service Commission today took away from the National Production Authority the right to hire its own workers because of irregularities in selecting employees last year.

It called for "collective action"—meaning dismissal or new assignments—for possibly more than 100 NPA employees. In some cases, the commission said, veterans' performance in hiring was ignored.

The commission ruled that all future NPA hiring must be referred for prior approval to the Department of Commerce, the parent organization of the emergency production agency.

Commerce Department and NPA officials, questioned on the charges, said they will carry out the commission's orders completely and will co-operate fully in matters of hiring.

They did not deny that abuses had occurred, but said they were in 1951 when NPA was striving to build a staff quickly to deal with a mushrooming load of work in administering priority and allocation controls.

Many of the improper appointments, they said, were of day-to-day consultants or commodity specialists in the "WAE" category—meaning, paid only "when actually employed."

In many of the latter cases the one-year term of appointment has expired, officials said, and the appointees have left the agency.

New Talks Are Launched To End Paralyzing Steel Strike

Pittsburgh (AP)—New steel strike peace talks ended today with industry and the CIO United Steelworkers in disagreement but standing by for further word from the White House.

After a two-hour bargaining session, President Philip Murray of the striking union issued a joint statement which said John R. Steelman, presidential assistant, asked both sides to stand by.

Murray told newsmen he expected to hear from Steelman within a few hours.

Presidential Assistant John R. Steelman arranged the talks. He acted after a round of weekend discussions raised hope, then failed—in setting the 44-day-old dispute.

Steelman telephoned both union and industry representatives from Washington yesterday and insisted on a new try for peace in the strike that has idled about 1½ million workers.

Union President Philip Murray and Arthur J. Goldberg, general counsel, head the union negotiating team. The industry is represented by two Bethlehem Steel Corp. officers—Vice President Joseph Larkin and John H. Morse, general counsel.

As the peace talks were being set up, the Office of Price Stabilization rejected appeals of three companies for price boosts ranging from \$5.50 to \$6 a ton.

The OPS ruling against appeals from Weirton, Armonco and Pittsburgh Steel—all of who have signed new contracts with workers—was quickly shrugged off by the industry.

The industry pinned its hope for price relief on a promise of an increase averaging \$5.65 a ton.

This would include an adjustment under the Capehart Amendment, which allows manufacturers to add to their ceiling prices all cost increases from the outbreak of fighting in Korea up to last July 28.

Circus Clicks With Accuracy Though Mud in Utica Is Foot Deep; Plays to a Full House

(Note: Mr. Landstedt, employed in the Falconer postoffice, is taking his vacation this week and is following the big circus from town to town. He has been a circus fan since childhood, and will write about the circus for the Times-Mirror prior to its arrival here for a showing, Friday, July 18, under sponsorship of the Warren Junior Chamber of Commerce.)

By TED LINDSTEDT

Utica, N. Y.—Circus day in Utica did not bring rain, but did show the effects of an all-night downpour. The mud on the lot, which was located just off the main street, was a foot deep and the mixing-up given it by tractors and heavy wagons had the effect of a battle of mud all day long. Two tractors to a wagon and no speed at that. The show was late in getting under way but a full house was on hand.

Today's performance marks the first time in all the times that I have seen the show that there were no falls in any of the flying acts and the Ringling Bros. Circus has three of them going at the same time. All the rest of the show, in spite of the sloppy condition of the lot even after straw and sawdust had been used, clicked with the exacting accuracy that is desired by both the performers and the spectators.

The closing "Spec" is a fair reminder of the old days when the circus opened with a grand entry parade. Things have changed in the circus world but this was an

added touch that stirred many an oldtimer.

Bandmaster Merle Evans told me today that this is about the best show he has played for and I might add that he could really praise his band as it is the finest circus band that I have ever heard.

When this great circus comes to Warren on July 18th under the sponsorship of the Junior Chamber of Commerce all you kids from 6 to 60 better get out early in the morning and treat yourselves to the best day you will have around Warren for some time to come. It sure is worth getting up a 4 a. m. to watch this great tented city come to life.

This Month Officially Designated as National Picnic Month

Picnics have come officially into their own!

The month of July has been designated as National Picnic Month throughout the land. The month has been set aside as the right time for outdoor eating—planned and spur-of-the-moment picnics—backyard picnics—park picnics—beach picnics—any kind of an occasion and setting for enjoying a meal spiced with the sauce of bright sunshine, fresh air and the good-fellowship of your family and friends.

King sandwich, particularly the hot dog and hamburger varieties, shall reign throughout the month! Long live the Hot Dog—and the Hamburger! Statistics on picnics prove these two American foods are far and away the two most popular items on the menus of picnickers.

All during this month, a peek into most any picnic basket will surely prove the truth of statistics. For there you'll find baskets packed with buns and rolls anxiously awaiting the juicy goodness of a hot dog or hamburger cooked over a wood fire in the outdoors.

Yes, July is Picnic Month! How long has it been since you gathered up your family and a basket of food and drove out to the woods? It's high time you joined your neighbors, a group from your church, your bridge club, men and their wives from your lodge, or just your own family and take to the outdoors for a picnic.

No Excuse Needed
Excuse? Reason? You never need an excuse or a reason for

having a picnic. Eating outdoors is great sport—a privilege and a special event for both children and grownups alike.

Whether it's a picnic supper in your own backyard or a single frank roasted on a forked stick over a fire, or a de luxe affair complete with thermos jugs, tableware and tablecloths, picnics are a barrel of fun.

We all know our appetites are sharpened by the outdoor air and the smell of wood smoke. Our worries are shelved, world conditions can go hang and for a few hours we live in another world when we garnish a bun with mustard, ketchup, and anything else handy, then bite deep into a well-blown hamburger while we keep one eye on a plump apple pie popping with juice.

Whether you plan a week ahead, or suddenly get the urge late in the afternoon you'll never have any trouble rounding up a gang to go picnicking. Start now! Plan on enjoying yourself at several picnics during Picnic Month.

General Business In Leading Areas of State Is Improved

State College—General business in leading areas of Pennsylvania during May showed an increase from April, the Bureau of Business Research at the Pennsylvania State College said today.

Although the increase amounted to a gain of only one per cent above April and above May, 1951, it marked a new high for the month of May.

The Index of General Business, which is measured by bank debits, factory payrolls, and industrial power sales, stood at 361 in May as compared to 358 in April and 359 a year ago. It is based on the years, 1935-39, as 100.

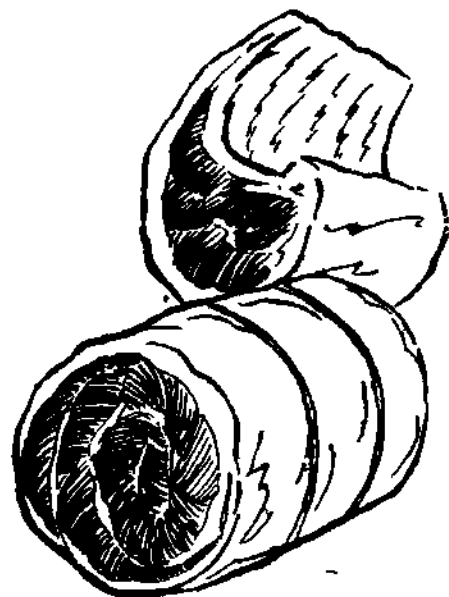

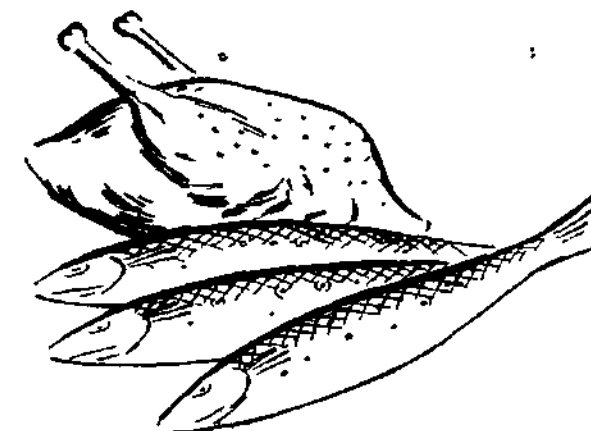

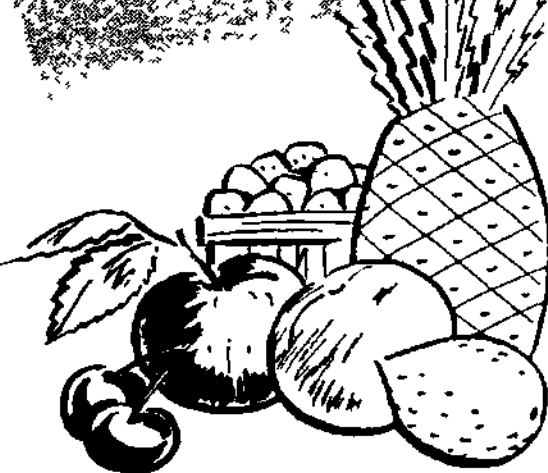

The Bureau reported that new records were made for the month of May by bank debits, industrial power sales, department stores sales, and telephones while hotel receipts and sales of ordinary life insurance were up from the levels reached in the last two years.

Street railway revenue passengers, however, had the lowest May total since 1941 and motor vehicle sales were the lowest since 1949. Retail food prices and consumers' prices generally were at a record peak for May.

The summary for the Warren area follows:

Business conditions were not too good. Sales of industrial power were under both last year and the seasonal expectation, new car sales were under last year, but postal receipts reached a new high.

KOREAN TRUCE TALKS

In all the hullabaloo that attended the Republican Convention, some other news got pushed back in the papers. You may have missed the story, for example, that told of the first anniversary of the beginning of the truce talks in Korea.

It was July 10, 1951, that an Army helicopter bounced to a stop on a dusty field in Kaesong. The UN truce team got out and began the deliberations that have been, in turn, hopeful, annoying, maddening and, nowadays, downright frustrating.

Statistically, there has been quite a record amassed during the talks at Kaesong and Panmunjom. The reports that have been taken form a stack that stands seven feet high.

All in all, UN and Communist negotiators have conversed for a total of almost 800 hours. Which is a lot of sound and fury to signify nothing, or almost nothing.

This situation is difficult to fathom. There are many who also believe the Reds are deliberately stalling, to permit a buildup of their forces. But how long does it take to accomplish that?

Their feared spring offensive never materialized. Their feared summer offensive has not, as yet, shown itself. They've had ample time to strengthen themselves for a major assault.

So perhaps, the Reds' motives in holding up a decent truce are deeper than just stalling tactics for military reasons. There is much to the theory that their motives, indeed go far beyond another offensive.

What have the Reds got to gain from another big push? Our generals have time and again insisted that we can beat back any Communist attack. And the Reds, in small assaults, have discovered the truth of those claims. So the Communists have nothing to gain, except bloodshed, in further offensives.

What have the Reds got to gain from a complete truce, a cessation of hostilities? They've been forced back to the 38th Parallel, back to where they started. They've been beaten. The UN had succeeded in its aim of driving them out of South Korea. A complete truce at the present line would, in reality, be a defeat for communism.

Their only alternative is this present stalemate. With the status as it is now, they can rightly claim the war is still going on. They can make propaganda speeches about victory still to come. The stalemate is their only chance to salvage something from their evil adventure.

As long as it exists, they are still in business in Korea. As soon as a truce comes, or they attack again and are beaten decisively, they expose themselves as losers. So they are, presumably, prolonging the discussions for the precise purpose of prolonging the discussions.

It is up to the UN negotiating team to try to reach a truce. From our standpoint, that is much preferable to beating the Reds on the battlefield. Both will mean victory, but one will also mean more bloodshed.

That's why our negotiators endure endless insults and propaganda of their opposite numbers on the Communist team.

And that's why as these tedious talks turn to their second year, we must not underestimate their importance. Like our negotiators, we must have patience.

It should interest constituents in the area to be reminded that Congressman Leon H. Gavin will be at the office of Compensation Referee J. G. Smith in the Warren National Bank Building, Thursday, from 10:30 o'clock in the morning until four o'clock in the afternoon for the purpose of consultations and conferences. The representative inaugurated these visits some years ago, an innovation that is much appreciated by residents throughout the district.

Just a last-minute reminder that the Bloodmobile will be at Red Cross Headquarters, 404 Market street, tomorrow and local officials are hopeful that the desired quota of 150 pints will be collected. Every person who has signed up is urged to keep his appointment. In case cancellation is necessary it is important that headquarters be notified as early as possible.

In 1896 there were only four autos in this country. Imagine! Only four back-seat drivers!

Here And There

It was 25 years ago July first of this year, that the Ringling Brothers and Barnum & Bailey circus played Warren, and it may interest a lot of citizens to be reminded that it appeared on the south side grounds "Main and Railroad" streets, according to a story in one of the papers printed in Warren at the time.

In announcing that "The Greatest Circus on Earth" would arrive in Warren from Olean, N. Y., early the following morning, the article in the Friday, July 1, 1927, printed this information under the heading "Circus Day Program at a Glance:"

Announcement has been made by Frank Walters that he will take three boys to Oil City this Friday to take part in the amateur show to be staged there. Fighters from Warren scheduled to appear on the card are Clifford Collins, Johnny Bush and Jack Perry.

Will Rogers sez: Here is a funny situation. The woman anti-prohibitionists said, "We will support the party that comes out for fat repeal." And they would, if it had been the Republican party. But as luck would have it, it was those 'mangy' Democrats instead. They want it wet, but not wet enough to be Democratic. In other words, politics is thicker than beer."

Elsewhere attention is called to the Fourth annual Printz Co. Baseball Night at the Jamestown stadium, when the Falcons will compete with the Bradford Oilers in the PONY League. This is the annual Printz Co. party for mid-gest ball players, (girls and boys), and everyone is invited. All the youngsters has to do to qualify to be a guest is to apply at the Printz store, Second avenue, for a free admission ticket. It is just as easy as that. Every boy and girl up to the age of 15 years is cordially invited to be Printz' guest at the game, and if last year's attendance is any criterion there will be between 3,500 and 4,000 present. On top of seeing the game all youngsters present will have an opportunity to participate in the distribution of a collection of gifts valued at about \$200. As usual, Charley Musante is heading up the Hot Stovers in charge of transportation. Watch the sport page for complete information about the big party and in the meantime see to it that your youngsters make their plans to attend by calling at the Printz store for their ticket.

Instructions Are Issued for Voting In Fall Election

Qualifying for eligibility to vote in the coming presidential election in November becomes of more and more importance as the candidates are nominated and start their campaigns.

Accordingly, County Registration Clerk C. P. DeLong issued a set of instructions for prospective voters so that they may be sure to comply with the laws.

Any citizen who becomes 21 years of age on or before the date of the day FOLLOWING the next election, who has resided in his voting precinct for at least two months and in Pennsylvania for at least six months if a former resident, or in Pennsylvania for at least a year if he never previously resided in the Commonwealth, is eligible.

Once registered, a voter never need register again unless he fails to vote for a two year period, or unless he moves into another county.

You may register at Mr. DeLong's office in the Court House. In addition, a schedule of special registration days throughout the county is being arranged, when officials will visit various municipalities in order that voters may qualify. The registration must be made before September 13, 1952. No change of party affiliation

ASSEMBLY-LINE METHOD HELPS SANDWICH MAKING

To lessen work and speed up production, an "assembly line" method of making sandwiches will help when you are preparing for a family picnic, or when your share of a group picnic means a lot of sandwiches.

Ready sliced bread or rolls are best and to add to the pleasure of eating, use a variety of these. Enriched white bread, whole wheat, partial wheat and other breads will help vary the menu and you can find a number of types of rolls at whatever shape you choose.

Wrap sandwiches individually to prevent flavors or odors from mingling. Any one of a half dozen varieties of wrapping paper can be used. And labeling each variety of sandwich will help the picking and choosing at eating time.

Some Sandwiches

If you are looking for some different sandwich fillings, here are a few suggestions:

CHEESE—Swiss, with dill pickle; cream cheese, dates and nuts;

your grocer's or baker's or delivered to your door by your bakery service.

Lay out the slices side by side on your working space. Use the two slices of bread that lie next to each other in the loaf so that the sandwiches will have even edges and be easier to wrap.

Leave Crusts on

Leave crusts on to save work, increase the food value and help the sandwich retain its shape.

Use soft butter or margarine and spread all slices of bread at one time. Spread evenly clear to the edges. This helps keep the filling from soaking into the bread. Use a variety of fillings. Spread like fillings on alternate rows of bread. Make all of one sandwich variety at the same time, then proceed to the next filling.

Two or three sandwiches may be stacked and cut all at once into

cheddar cheese ground with chopped ripe olives and green pepper.

EGGS—Egg with diced crisp bacon and salad dressing; eggs with minced ham and mustard pickle; eggs with olives.

FISH—Flaked fish, chopped celery and pickle; salmon, chopped pickles and celery; shrimp and chopped cucumber.

FRUIT—Apple butter with chopped nuts; banana, peanut butter and orange juice; raisins ground with grated raw carrot.

MEATS AND POULTRY—Bologna, chopped beans and chili sauce; cream chicken and vegetables; deviled ham with chopped celery.

PEANUT BUTTER—Peanut butter and chopped bacon; peanut butter and crushed pineapple; peanut butter, jam and grated raw carrots.

Akeley WSCS Planning Reception For Pastor

Meeting at the home of Edna Angove, with Mildred Angove as assisting hostess, members of the WSCS of Akeley Methodist church, made plans for a reception for the Rev. John L. Buck and his wife, who have been returned to the Russell-Akeley charge for another year. The affair will be held this evening at eight o'clock and all friends of the couple are cordially invited.

President Grace Granquist was in charge of the meeting, with devotion on the topic: "The Earth Is So Full." The president read the scripture; a poem, "Nature's Creed"; a meditation, "It Was a Dream," and offered prayer, followed by The Lord's Prayer by all. Bible references were read by several members. Roll call found 12 members and three guests present.

After the routine business, Ellen Lundgren, secretary of youth work, reported the Girls' Missionary Society held its July meeting and picnic with Peggy Anderson at Fairbanks, with 12 members present. The August session will be held with Doris Swanson.

It was voted the WSCS will hold no more dinner-meetings, the hostesses for each month to decide whether to have an afternoon or evening session. Attention was called to the August meeting, to be held with Josephine Lindquist and Margaret Arthur, the time and place to be announced later. "H" will be the memory verse initial, members to study Acts 8. Mabel Larson, assistant secretary of Spiritual Life, read an article explaining the 23rd Psalm.

The meeting closed with prayers by Ellen Lundgren and Myrtle Nelson, with refreshments served by the hostesses.

Picnic Meal May Be Prepared In an Endless Variety of Types

During July, which will be Picnic Month, thousands of out-of-door enthusiasts from coast to coast and from the border to the gulf will be enjoying picnic meals. Families, teen age groups, the small fry, fishermen, and motorists will be eating out of doors, in parks, in forest preserves and woods, in their own yards, along streams and lakes, and at roadside picnic sites. A wide variety of foods will be carried to please the multitudes of tastes and appetites, but that most acceptable of all, the versatile sandwich will be in every type of picnic meal.

It will be prepared in an endless variety of ways, using many types of breads and buns, of fillings and of spreads.

The sandwich can furnish much of the meal's eating pleasure. It can furnish too many of the day's needed nutrients. Valuable as foods in themselves, the breads and rolls extend the good eating qualities and nutritional value of the ingredients with which they are combined to make the sandwich. Stepped-up appetites will be satisfied if the picnic meals carry the needed food elements. Nutritionally valuable and the enriched bread and rolls will contribute a large share of the re-

quired niacin, riboflavin, thiamine, and iron. Calcium and protein are furnished in appreciable amounts, through the bread and rolls used as the basis of the sandwich.

Prepare at Home
The type of picnic planned will determine the kind of sandwich to be prepared. For the all day, family picnic, sandwiches can be prepared at home, or the breads, buns and ingredients carried to the picnic site for preparation there; the teen age bike-hike demands ready-to-eat, carefully packed, and easy carrying sandwiches; for the very young who will take the picnic foods to their special place in home garden or yard, easy-eating and handling sandwiches are necessary. In summer, sandwiches as other foods need careful handling in preparation and carrying to assure safe keeping. No sandwich filling need be avoided if it has proper care. Some fillings are more perishable than others and will not hold up as well under long periods of time at high temperatures. The moist, mixed, salad-type fillings are not recommended for summer carrying unless they can be held at temperatures of 50 degrees or below. To improve the keeping qualities of sandwiches, it is well to add an acid ingredient such as lemon juice, pickles or olives. (Such an ingredient retards microbial growth).

Out-of-door cooking is high on the picnic popularity list. The All-American frankfurter and the hamburger with their accompanying buns are familiar favorites.

For meals in the open spaces, a new type sandwich is being increasingly made—the kabob or shish kebab. Centuries ago Greek and Armenian shepherds impaled hunks of meats and vegetables on sticks and cooked them over open fires. Now the modern way, with shiny metal skewers replacing the sticks, is to spear the selected ingredients on the skewers which first have been dipped in salad oil or rubbed with garlic for added flavor and succulence. Beef cubes, small, boiled new potatoes, tiny whole tomatoes, cured ham cubes, and dill pickle chunks are among the foods that adapt themselves well to this cookery. When they have been broiled, slide the ingredients off the skewers into hollowed out, buttered frankfurter buns.

The lure of highways and of byways, of city parks and of country groves, of streams and lakes, of gulf and ocean shores will this July lure thousands and thousands of Americans of all ages to enjoyment of Picnic Month, with the sandwich as (the Romans did have a word for it) the sine-qua-non of the meal.

Gay Version of Box Lunch Is Always Helpful to Mother

By Ella Lehr Nide
Director of Home Service American Dairy Association

Whether you hop in the family car for a drive out into the country or eat in your own backyard, a picnic usually adds up to more work for Mother before, during, after or all three! Unless, of course, you have tried a Hobe "Tote-your-own"—that gay version of the box lunch, which means preparation only and that done yesterday if you're a mind to!

Start with a big bandana handkerchief for each person or use squares of gay cotton yardage you can find in your store's bargain basement. Line each with a square of waxed paper. Put in each person's ration, and disposable paper or plastic eating tools and napkin. Pull up opposite corners of the square and tie. There you have it—a neat little bundle for carrying which, opened, becomes both a napkin and a lapin! Collecting these at the end of the meal is all there is to the usual beastly cleaning up.

But what for lunch? One that can be prepared the day before or early in the morning, bundled up and kept in the refrigerator until ready to pack in the picnic basket for the trip or put on a tray for the backyard is this—

- ### ADA'S HOBIE PICNIC LUNCHEON
- (Individual)
- Stuffed Picnic Rolls, foil-wrapped for heating
 - Fried Chicken, 2 pieces
 - Whole Tomato
 - Potato or Macaroni Salad in covered waxed paper cup
 - Fruit
 - Frosted Cupcake
 - Milk
 - Coffee
- (Relishes, cold milk and cream for the coffee taken along in ice bucket)

How-To-Do

NOTE: A picnic isn't a picnic without some sort of rack over glowing coals. The Stuffed Picnic Rolls may be wrapped in aluminum foil to be placed on the rack over the coals or, if desired, wrapped in waxed paper to be put in an iron Dutch oven that has been heated through. Maybe you'd better allow more than one piece if you use rolls smaller than frankfurter buns.

- ### Ham and Cheese Stuffed Rolls
- 6 frankfurter rolls
 - 1 cup ground cooked ham or canned luncheon meat
 - 1/4 cup chopped sweet cucumber pickles
 - 1 tablespoon grated onion
 - 1 teaspoon Worcestershire sauce
 - 6 tablespoons mayonnaise or other salad dressing
 - 2 cups shredded American Cheddar cheese
- Combine ham with all other ingredients. Season to taste with salt and pepper. Cut slice off top of each roll, scoop out center. Spread with softened butter. Fill hollow with mixture. Replace top. Wrap in aluminum foil or waxed paper. TO HEAT: If in foil, place on rack over low coals. If in waxed paper, place in heated heavy Dutch oven long enough to heat through. Of course these may be placed in a moderately slow oven (325°) for heating. Very much smaller versions, but plenty of them, make a good luncheon or Sunday night supper salad accompaniment. Use the small soft oval rolls for this purpose and wrap each in waxed paper for oven heating.

- ### Nippy Cheese-Stuffed Rolls
- 8 long soft rolls
 - 1/4 pound sharp Cheddar cheese, shredded (a bit more than 2 cups)
 - 1/4 cup catsup
 - 2 tablespoons melted butter
 - 1 small onion, grated
 - 1 pincho, chopped fine
 - 2 dashes Tabasco Sauce
 - 1 1/2 teaspoons Worcestershire sauce
 - 1/4 teaspoon salt
- Mix all together and use as for Ham and Cheese Stuffed Rolls. Some chopped ham, luncheon meat or frankfurters may be added to this mixture.

A picnic supper will follow at six o'clock in case of rain, the meeting will be moved to the church.

PHC IS HAVING ANNUAL FAMILY OUTING

Warren Kiwanians Irk Kane Officer On Visit to Hilltop

Twenty-five Warren Kiwanians attended a joint dinner and meeting with the Kane and St. Marys clubs at the New Thompson Hotel in Kane last evening, with the local club furnishing the program.

The interesting evening for the Warren delegation started upon the arrival of the caravan headed by President Cliff Betts in his station wagon carrying a sign "Freedom Is Not Free!" Horns were being sounded on all the cars, which, apparently was a violation of a regulation at the Hilltop and before the motorists reached the New Thompson Hotel Betts was stopped and served a ticket by one of the Kane Blue Coats. Later, however, it was reported at the dinner, the Kane burgess had relayed word that if the Warren invaders left town with less noise than they had entered the infraction might be forgotten.

Following the chicken dinner Neil Walberg, president of the Kane club opened the meeting and welcomed the guests, including a number of new and former members of the Kane club. He introduced Don MacGowen, chairman of the drive committee who in turn presented the guests and explained briefly the operation of the organization. Attention was called to the stag dinner in St. Marys August 4th in honor of Dan Aukerbauch, governor of District four. President Betts spoke in behalf of the Warren delegation, thanking the Kane organization for the fine hospitality extended. He called attention to the wrestling program to be held by the Warren club at War Memorial Field Thursday, July 24th, as a benefit for the underprivileged children's fund. Members of the Kane Club were invited to come to Warren September third when the local club celebrates the 30th anniversary of its founding.

Joe Galbo, well known salesman and one of the active members of the Kane club, was presented with a "disinfecting outfit" in commemoration of a birthday he observed some time ago. The presentation was made by the President's

Committee of the Warren club with the usual comedy adlights. Henry Ledebur, past president of the Warren club delivered an interesting talk concerning the principles of Kiwanis which was much enjoyed by members of the three clubs.

William Forsythe, one of the active members of the Kane club, led in group singing.

Identical Scores Give Wins To Merchants and Youngsville Over Business School and Elks

Nip and tuck ball playing was in order in the Sunset Baseball circuit last night, with the Warren Merchants nudging Warren Business School, 8 to 7, at Memorial Field and Youngsville edging the Elks by a similar score on the State Hospital diamond.

A six run spurge in the second inning aided Youngsville in keeping its slate clean this half with a 3-0 count and marked the third consecutive loss for the youngsters. The Elks made it 7-5 after putting four runs across in the fourth, then Youngsville came through with the winning tally in the top of the fifth, the losers able to get only two back in their half.

Jim Sigworth and Elmer Haight shared the mound duty for Youngsville and Dick Christensen and Diz Hines for the Elks.

At Memorial Field, Warren Merchants took over the runner-up position in their defeat of the Schoolboys. After their half of the sixth frame, the winners were on top 7-4, but a three-run rally by WBS in the top of the seventh made a new game out of it until the winning run came in the lower portion.

Dean Kifer toed the rubber for six innings for the Merchants, slammed out two doubles and a single in as many times at bat and tallied two runs. Dick Reed also had three safeties for the Merchants in four trips, along with Bonivita for the Business School. In the extra base line, Guy Bairfield smacked a three-bagger and John Castagnino a homer, both for WBS.

What was your
most important telephone call

You've made or received so many important calls that you'd have a tough time picking out the most important.

That's how it is with the telephone. It's a part of your daily life and habits, sharing your successes and failures, your victories and defeats, your pleasures and sorrows.

It rings. It's answered. The call may be important, it may be routine.

But to telephone men and women, every call is an important call... and their responsibility to the public becomes greater and greater as more and more people come to depend upon the telephone.

Behind every call you make are able people of good spirit, whose skill, loyalty and experience are dedicated to providing telephone service so good that you can take it for granted.

Harrison Adds To His Winning Record In Beating Emblem

Pitching hitless ball for seven straight innings, Bob Harrison chalked up his 13th win against one loss and gave Guifre's Grocery a 13-5 victory over Emblem Oil in an Industrial Softball League contest played on the West Side field last night. The first-half champs now stand with a 2-1 record, hot on the heels of the leading Thomas Coupling outfit with 2-0.

W. Check topped the winners' batting order with three hits, including a two-bagger and round-tripper, in five trips to the plate.

Through The Wind Tunnel

Miss "AJ" tells us that the latest message from Miss Markley and Gross, dated July 6, came from Gay "Farce" and states they are enjoying the SITES immensely.

We see where the educated "toe" has also learned a solution for reading in hot weather. Just hitch a reading lamp to the porch glider, spread yourself out in a horizontal position, and enjoy the cool evening breeze.

Word from Jim Mengel, now serving aboard the aircraft carrier, U. S. S. Saipan, informs us he enjoyed his recent stay in England and should be leaving for Cuba by this Wednesday. Incidentally, although official word has not yet been received, Jim is now a two full stripper.

Members of the Phalanx softball team are reminded (as if they have to be) of the practice game they are to give the Sunray Products girls' team at 7 o'clock at Beatty Field tonight.

Next Sunday the Sunray ladies will have their first game of the season when they journey to Erie.

Either we are going blind or Miss Carol has stars in her eyes, but we distinctly recall hearing her state that she saw the twinklers out during the day on Monday. What could it be?

Four-County Picnic For Grangers and Families Planned

A four-county picnic for Grangers and their families, including members of Warren, Venango, Crawford and Erie counties, will be held at the Crawford County Fair Grounds at Meadville on Saturday of this week.

The program will get under way at 10:30 a. m., when William Morris, Pomona Grange master of Crawford county, will extend a welcome to the visiting delegations.

At 11:00 a. m., an address will be given by the Pennsylvania Grange lecturer, Mrs. Vernon Norris, of Valencia, in Butler county.

A highlight of the all-day gathering will be the basket picnic at noon, each family attending to bring a basket lunch, including their table service and beverage.

In the afternoon, the special events will be a Tablet Festival, with each Pomona Grange presenting its outstanding entertainment, and a program of games and contests for the youngsters. It is anticipated the affair will be concluded about 4:30 p. m.

Serving as the committee on arrangements are the four Pomona lecturers: Williams Brooks, Spring Creek, for Warren county; Mrs. Eleanor Williams, Edinboro, for Erie county; Mrs. Florence Foster, Conneautville, for Crawford; and N. E. Griffin, Utica, for Venango county.

Arrests Clear Up Robberies of Camps

Robberies at five Warren county camps were cleared up yesterday when Sheriff Larry Linder and State Police Pvt. Jack Kruprey went to Greensburg to question three men in connection with the jobs.

In custody there are William Allison, 21, and Raymond Cochran, 22, both of Wilmerding, and Richard Briney, 21, of Pittsfield, arrested for a series of larcenies in that area.

The local officers questioned the men about entries at camps near Cornplanter, and on Route 666 near Henry's Mills. One of the camps entered was owned by Allison's uncle, who resides in Pittsfield.

It was revealed that the men made no organized foray into this county, but broke into camps they were passing through on a trip. Among articles taken were a portable radio, field glasses, a hotplate, and a jacket. Some of the things were found at Cochran's home, they said.

It is not thought at this time that the men will be brought here to answer charges, unless more evidence develops. They are charged in southwestern Pennsylvania with the theft of gasoline and auto parts, and two air hammer from the Pennsylvania Department of Highways, each valued at \$300.

Portable Charcoal Grill Not Essential to a Cooked Picnic

By Monica Clark
Director of Home Economics
American Meat Institute

You don't need a backyard fireplace or even a portable charcoal grill to have an outdoor cooked picnic. You can revel in this form of eating enjoyment with a turned down log fire on the beach or in the woods.

In planning the menu for outdoor cookery, remember that nothing tastes so wonderful in the great outdoors as meat cooked over an open fire. The choice of meats for the purpose is wide. There are cube steaks (round steak which has been pounded with the meatman's special "cuber"), hamburger patties, frankfurters, chops, ham slices, lamb steaks and any of the tender beef steaks.

There's a barbecue meat for every pocketbook! Even slices of smoked liver sausage (bratenschwager) and ready-to-eat meats, such as spiced ham and bologna, may be grilled over an open fire and eaten between bun halves.

Cook on Grill

The meat may be cooked on a wire grill or a flat metal plate laid across the fire between two big stones, or sides of an outdoor fireplace. The cooking of the meat is quite similar to oven broiling or pan broiling. Basting the meat with barbecue sauce as it cooks is a matter of personal preference. Spill buns may be toasted on the grill the same time the meat is being cooked, ready to receive the juicy, hot meat.

Fuel for a Barbecue. This should be a hard wood, such as oak, hickory, or maple. These woods burn down to a good glowing bed of coals, a "must" in the cooking of most meats, especially the thicker cuts. Charcoal is best when used with a special grate. Kindlings are needed to get hard wood ignited. It is of the greatest importance to let the fire burn down to a bed of good red coals, so it should be started well in advance of cooking time.

How to Barbecue

How to Barbecue Meat: Have steaks, ham slice, and chops cut 1 inch thick, if possible. Season quickly on both sides on grill or flat plate over glowing coals, then begin basting, if desired, with barbecue sauce. This may be done with a brush or with a dauber made from a piece of clean white cloth tied on a long handled fork or stick. Let meat cook a few minutes, then turn and baste the other side. Cook to the desired doneness. Pork chops should not be prepared in this manner, as pork needs long, slow cooking.

Barbecue Tools: Some long handled forks for turning the meat. (Turn steaks by sticking the fork through the fat, not through the lean.) A pan-broiler for turning hamburgers; a sharp carving knife; a skillet, if necessary, some heavy gloves for the cook; a roll of paper toweling.

Barbecue Menu: A standard menu for an outdoor feast consists of barbecued meat on buns, cole slaw, sliced tomatoes, shoestring potatoes, fresh fruit, cake or cookies and coffee.

Executive Board Pays Visit to Boy Scout Camp Olmsted

Members of the executive board of Warren County Council, Boy Scouts of America, and the Scout commissioners met at Camp Olmsted, Monday night, with a large attendance.

Commissioner C. C. Winans conducted his commissioners on a complete tour of the camp and the board met on the verandah with President Byron W. Knapp at which time brief talks were given by two visiting executives, Norman Davis of Oil City, who is Region III vice chairman, and Dee Blanchard of Philadelphia, Regional Executive.

Plans were made for the county campaign in the fall and the 1953 budget for the Council was submitted and unanimously approved. Mr. Knapp announced appointment of his county-wide committee for the campaign in which contributors will be asked to support one Scout in his scouting activities for the ensuing year.

Arthur L. Chapman was unanimously elected to the board. Richard Ruhlman, director of Camp Olmsted this year, was introduced, and praise was given for the appearance of the camp during its first week. Fifty-six boys are now in camp, with about 80 registered for next week.

There will be no executive board meeting during August. The September meeting will be held at the camp of one of the board members, Red Hoskins, at Hackney Meadows.

Police Chief Will Attend Convention

Chief of Police Mike Evan will attend the 39th annual convention of the Pennsylvania Chiefs of Police Association, to be held at the William Penn Hotel in Pittsburgh July 28-30.

Official host to the convention will be Harvey J. Scott, Supt. of Pittsburgh police and former president of the group, and the welcoming address will be given by the Hon. David L. Lawrence, mayor of the city. It is expected that over 700 will be in attendance.

Speakers of outstanding ability in the field of law enforcement have been secured. Among them will be Dr. John W. Claudy, warden of Western State Penitentiary; and former warden of Rockview; Bellefonte; Governor John S. Fine, head of the Pennsylvania State Police; James F. Malone, district attorney of Allegheny county; Hon. Francis J. O'Connor, Allegheny county judge; Edward C. Boyle, United States District Attorney for western Pennsylvania; and Andrew Bernhard, editor of the Pittsburgh Post-Gazette.

In conjunction with the convention, the FBI will hold its annual law enforcement conference, at which time Special Agent William C. Sullivan, of Washington headquarters, will be the principal speaker.

BEER STRIKE UNSETTLED

Pittsburgh (P) — Rejection of a management offer of 12½ cents an hour pay boost leaves the three-month beer strike at three breweries still unsettled today. Striking members of the "CIO" United Brewery Workers rejected the offer yesterday, 1,417 to 120. They walked out at Duquesne Brewing, Fort Pitt Brewing and Pittsburgh Brewing Companies on April 21 after contract negotiations broke down.

FAIR TRADE LAW

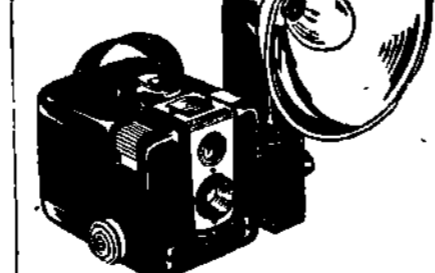

Washington (P) — From now on, retail price-cutting on trademarked or brand name merchandise is illegal in any of 45 states if manufacturers first fix prices by agreements with one or more retailers within a state's boundaries. President Truman yesterday signed a federal fair trade law, ratifying such agreements in states having fair trade laws.

ZONTIANS GUESTS

Members of Warren Zonta Club will be guests this evening at an inter-city dinner meeting with the Oil City-Franklin Zontians at the Pittsfield Inn, serving to be at 6:30 o'clock.

Mrs. Lorena Mary See, 116 Grant street, died at 11:30 p. m. Monday in Warren General Hospital, where she was admitted early on July 6th following an automobile accident in Pennsylvania avenue, east.

Born here on January 5, 1870, she had spent nearly all her life in this vicinity; was a lifelong member of First Lutheran church, of its Women's Bible Class and Ladies Aid Society; also of the Protected Home Circle.

WILLARD SMITH

Services were held at the Powers Funeral Home in Jamestown at 3:30 p. m. Monday for Willard Smith, 120 East Second street, Jamestown, native of Warren county. Born in Sugar Grove, he was the son of Francis and Margaret Devereaux Smith, and had lived in Jamestown for many of his 82 years.

The Rev. Russell I. Hinderer officiated for the final rites and interment was made in Five Points cemetery near Sugar Grove.

JOHN ALFRED LINDSEY

John Alfred Lindsey, 18 VanEtan avenue, Sheffield, died at 12:40 o'clock this morning at the Warren General Hospital. He had been a resident of Sheffield for 30 years, going there from Nebraska, Forest county. For many years he followed the trade of blacksmith and more recently had been employed on the township road.

Council Decides to Annex Small Section of Glade

(From Page One)

the west line to Popular, 25 mph from Popular to Parker, and 35 mph from Parker to the east line. This would just extend the lower speed zone a little farther because of the addition of the Drive-In and ice cream parlor near Canton street, which adds to traffic congestion. This will not go into effect until approved by the secretary of highways.

The public works committee, after investigation upon request of property owners on Complanter avenue, voted for the installation of an eight inch sanitary sewer from South street intersection west 175 feet, and for New street property owners an extension of the sewer approximately 200 feet from the present manhole. Authorization of sewers on Wilson street was also granted, as well as a street light to be installed at the top of Hill street at the boro line.

Paul Yagge, buildings and land committee chairman, reported to Council that the airport license had been received. After his report Mr. Rice read a letter from the local Volunteer Air Reserve Unit stating the organization would like to use the airport for its ground school. It further stated the Flight would finance repairs for use of the small building, which was used for the same purpose during World War II. A motion was made and carried granting such permission.

Warren General Hospital asked for protection of its storm sewer outlet into the Allegheny from children plugging it up with sticks and stones. To grant same was out of the council's hands and was referred to the Borough Manager.

Before the close of last night's meeting, which adjourned into an executive session, Mr. McConnell took the opportunity to thank the citizens of Warren for the nice stay he has had here and Mr. Rice responded by expressing, on the part of Council, gratitude for the fine job he has done during his two years in Warren.

Accident Victim Is Former County Man

Services will be held at 2:00 p. m. Wednesday at the Homestead Funeral Home at Mayville for H. LeRoy McKinney, 66 year old resident of Mayville R. D. 1 and native of Youngville, who was fatally injured in a highway accident last Friday and died at 11:20 a. m. Sunday in Westfield Memorial Hospital.

The Rev. John Ruggles, pastor of Hartfield Evangelical United Brethren church, will conduct the rites and interment will be made in the Youngville IOOF cemetery.

Mr. McKinney, a state highway department employee, was riding on a truck operated by Howard C. He never regained consciousness, according to his wife, Florence Inez Beahm McKinney, and hospital authorities, who said he died of a fractured skull.

He was born in Youngville on September 14, 1885, and had lived in the Mayville area for the past eight years, five of which were spent in Hartfield. He was a member of the Hartfield Fire Department and of Westfield Chapter, Loyal Order of Moose.

Besides his wife, he leaves a daughter, Mrs. Charles McCarthy, McKean, Pa.; a brother, James L. McKinney, Jamestown, and a sister, Mrs. Maude Olds, Erie; also two nieces.

School Directors Of Pine Grove Meet

Russell—Jerol Angove conducted the July meeting of the Pine Grove township board of education at the school last evening, when a group of interested citizens was present to secure additional information concerning the possible jointure with the Warren school district.

A lengthy discussion ensued, when facts were presented to this group and it was pointed out no commitments have been made or will be made until further investigation has shown such a change would be feasible.

An alternative plan was also brought up for discussion, this proposal involving a rural consolidation of districts in this area, and seemingly meeting with the approval of the delegation over the jointure with Warren.

It was emphasized, however, that it will be a year or two before a change will be made and definite action will be necessary.

The committee on teachers presented for the board's approval the engagement of Mary Mangus, of Warren, as a music teacher in the local school two days of each week.

Howard Ramadell, janitor, reported on progress of the desk-sanding project and stated materials have arrived for the repairs to be made to stairs of the school building.

The board concluded with the naming of Mrs. Vinton Finzer to conduct the enumeration survey of school children for the coming term.
